## Principal's Report

Dear students and families,

We hope you had a great day yesterday with your child during our Student-Free Day. Naranga staff spent the day engaged in Professional Development activities. In the morning we worked together to create a developmental sequence of learning for the **Personal and Social Capability** framework that is part of the Victorian Curriculum for all student in Victorian schools. This important piece of work will provide us with a continuum of abilities that teachers across all levels of the school will teach. It will allow us to develop your child's skills as they progress through the school so that when they are ready to leave school they have the skills that will help them manage their lives, work, relationships and future learning.

In the second session of the PD day we focussed on **feedback**. We looked at it from the teacher and student perspective. We explored the ways in which feedback to and from our students can be most effective and influence progress. The afternoon sessions were about money as a component of the maths curriculum, and a hands-on session with a trainer from **Matific**, the online maths program all Naranga students have access to both at school and home.

Make sure you get in quickly for your tickets to our **School Concert: "Naranga Goes to the Movies"**. The students and staff are rehearsing their music, dance and drama items, ready for **Wednesday 20<sup>th</sup> September**. Family and friends are all welcome to join us. Call Jane, Carol, Sally or Linda on **9788 2222** to book your tickets now!

## FOR FAMILIES

# Free program to get your children talking

## Let's Chat™:

Building Early speaking and listening skills

Speaking and listening is the key foundation for learning.

All primary schools and special schools in your local area have organised a 'Let's Chat' program for parents and their three and four year old children. This program is free of charge and will benefit every child.

This four week program will support you to increase your confidence to turn shared book reading and everyday routines into opportunities to build early literacy skills with your young children.

In addition to the program being free of charge, there will also be child-minding in the first part of each session at every school and special school setting, as you learn new skills to get your child chatting.

The program commences in Term Three 2017 and will operate in 14 primary schools and 3 special school settings. |

If the time and date of your closest primary school is not suitable, you can register at any other school. If you miss a session, you can register at any other school to catch up on that session. All schools will be implementing the same program using the same types of books.

Registration details are listed for every school. If you are interested, feel free to sign up with a friend or friends from your local kindergarten.

At the end of each session, you will receive a free children's book to enjoy with your child.

We are looking forward to seeing you there.

## SM Reflections on 2017

When I went to the senior school everything was different. We have electives it is good. I like going to School Maintenance. I have learnt the importance of wearing protective clothing, overalls boots and safety glasses. It is very good I like doing mowing and mulching. By Rory.

It's exciting being in the senior school. Last Saturday Mrs Louder and Mrs Nicholson took the senior dance group to perform as part of the Raise the Barre entertainment. We were third on, our dance was called Something Big. We watched the other performers a boys group danced to All the Single Ladies they were really funny. We had an awesome time. By Toni L and Lucy A.

In the senior school one of the electives we do is going to Capel Sound foreshore. We cut down trees, weeding and we do a rubbish clean up every Tuesday. We have to wear protective clothes for our safety. It's good to know that we are helping to look after the environment helping to sustain the foreshore. By Codie S. & Liam J.

In my first year at Naranga School I was surprisingly voted as the class student representative. I like being part of the student council because it is good we can talk to the Principal about things we would like improved, like drinking taps and a canteen so we can buy our lunches. By Josh S.

This is my first year in seniors. On Monday in the morning I do MacDonal'd's it's a good program. I make up the boxes for the ice cream cones. In the afternoon I have PE and Art both electives I really like. By Bailey W.

Seniors is a lot different than middles. Our subjects are different. We have electives. I enjoy doing community access. I go to Bapcare and the Salvos. At the Salvos we sort out stuff. I like to sort out the clothes and books. I do careers with Mrs Louder. We talk about what kind of job we want. I would love to work with animals. By Eva M.

I like the electives, on Monday afternoon I have woodwork and I'm making a stool. Tuesday this semester I am doing travel training with my friend Rory. I am learning how to use Journey planner and to tap on and off. It's great going to different places and learning how to get there and be safe. By Jarryd R.
